

# ***GMT MEGACORE GUN & NEEDLES***

**Reusable Automatic Biopsy Gun and Disposable Biopsy Needles**

The GMT MegaCore gun and needles provides high quality histological samples

The heavy duty spring promotes high speed firing for quick and complete sample retrieval.

The specimen may be retrieved without removing the needle from the gun

Precision engineered for reliable operation

**Order code for Gun – [B-T070022](#)**

**Order codes for disposable needles  
(Supplied in boxes of 10)**
